

PROCEEDINGS OF THE EXECUTIVE DIRECTOR, ADAK, THIRUVANANTHAPURAM
(Present: Ignatious Mandro.B)

Sub :- ADAK - Fixing of sale rate for fish seed produced from ADAK farms/hatcheries - reg.

ORDER No. ADAK/B4/1945/2022 Dated 01-09-2022

The seeds produced from ADAK farms and hatcheries are sold out as per the rate fixed by various orders and directions issued at times. As part of species diversification in the aquaculture sector of the state, new promising species were included in the farming spectra of the state. Hence as per the request of hatchery/farm managers, it is necessary to compile the rate fixed earlier and issue a comprehensive order to fix the sale rate of different varieties of seed including new species produced from ADAK farms/hatcheries.

In these circumstances, the rate for the sale of seed produced from the hatcheries and farms under the control of ADAK are fixed as detailed below with immediate effect, which excludes the packing and transportation charges, for which the existing Government rate can be levied.
